

# DHAC Level 1 Course

Digital Hygiene & Awareness Course

~ o ~

DHAC is a 2 day kickstart covering full spectrum digital privacy and security, as well as best practices to harden your online existence. Consider this a digital privacy bootcamp where you will gain access to not only a holistic, step by step how to guide, but also access ongoing updates in the future.

This course is geared towards anyone with a range of technology skill from 'tech normie' up through experienced cybersecurity experts.
